

Guernsey Occupational Safety & Health Association – www.gosha.org.uk

**GOSHA AGM and
Talk – Dial Before You Dig
7.30am (meet 7.15am) on
Thursday 17 November 2022
at La Vilette Hotel, St Martin**

Our AGM will take place from 7.30am at La Vilette Hotel, St Martin prior to an important Dial Before You Dig Talk which is being presented by John Tostevin of Guernsey Electricity.

Can you attend? We hope so.

Please go to www.gosha.org.gg to register or if you prefer, complete the following slip and return to us. And if you'd like to put your name forward for our committee, let any member of the current committee know of your interest (see www.gosha.org.gg)

:

Reply Slip

I would like to attend the GOSHA AGM and Dial Before You Dig Talk 7.15am 17 November 2022

Name(s) of people attending:

There is no charge for this event and breakfast rolls, teas and coffees will be served..
please email this slip to our Secretary, Jon Coyde at Secretary@gosha.org.gg

We have asked John Tostevin of Guernsey Electricity if he could give a presentation to warn of the dangers of digging into the Guernsey ground without first checking as to what may be beneath.

We understand, especially from Guernsey HSE and our utility providers, that there is a lack of care and knowledge being demonstrated by many of those digging below ground level in Guernsey.

If you strike a utility, especially electricity or gas, you not only risk huge disruption and cost to yourself and others, you also risk your life.

Please take digging below ground seriously, don't endanger yourself and others and learn what you should be doing – or refresh your training and memory.
